Dear Mr. Stanger:

The annual Senior Awards presentation at Bethpage High School on the evening of May 30, 2013 was a significant success because of your generous award and supportive efforts.

On behalf of the class of 2013 and the staff of Bethpage High School, I would like to express our sincere appreciation to your organization for its participation in our Senior Awards presentation. This event acknowledges the academic and civic contributions of many deserving students in many diverse areas of school life. The significance of their contributions becomes even greater when community organizations join with school personnel in recognition of students' achievements. We are most grateful for your support of our students and of our school program.

Thank you.

Sincerely,  

Kevin Healy  
Assistant Principal
