Dear Brothers:

First, I want to recognize the hard work of our Officers and Committee members for working together to deal with this unfolding crisis. As important as our Lodge is to maintaining healthy social interactions and camaraderie for our members, NO FUNCTION is more important than the health and well-being of our brothers and their families.

For this reason, I am cancelling all meetings and functions until further notice as recommended by our Executive Committee, the Governor and our Mayor. Where possible, events will be re-scheduled. Event deposits by members will be refunded in the next few weeks for those events that can’t be deferred (if you haven’t already received them by the time you receive this). If you have any questions about a refund, please call the event Chairman. Also please note that the printed Bulletin will not be published until further notice due to our Printer being closed.

Let all of our Pythian families work together to beat this virus with "NO FATALITIES"; Genesis “WILL” come back and be stronger than ever.

Fraternally,

Paul

A veteran car dealer told me that only 1 in 10 people who buy an extended warranty wind up using them and never buy one if you lease the vehicle or keep it less than 5 years as you can rarely get back your investment.

FLORIDA LUNCHEON—A HUGE SUCCESS  It was a lovely afternoon at the fabulous Benvenuto’s Restaurant in Boynton Beach as more than 125 Pythians attended the Genesis Florida Luncheon on Feb. 21st.  Genesis Lodge welcomed the participation of five other Lodges to its annual Floridian gala.  Many friends, long retired from the NY Pythian scene, were in attendance as were several who flew in from NY to join them (like our own Grand Chancellor).
